

January 30, 2025

Dear Toluca Lake Neighbors,

Over the past several months, our neighborhood has experienced a pronounced increase in crime, with 34 burglaries reported since October 1, 2024. To proactively address this concerning trend, the Toluca Lake Homeowners Association (TLHOA) and Toluca Lake Neighborhood Watch (TLNW) have joined forces to take action.

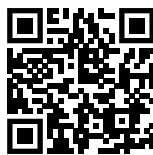

To bolster neighborhood security, Jack Balyan, Chair of the TLHOA Safety Committee, has vetted several patrol companies. After careful consideration, and approval of the TLHOA Board, Iron Delta Security has been selected to provide dedicated patrol services within Toluca Lake.

Our Goal: To ensure 24/7 dedicated patrol coverage within the TLHOA boundaries, which requires a sufficient number of subscribers. With a dedicated patrol car in Toluca Lake, response time to an alarm or call from a subscriber will be drastically quicker than a random patrol car, which is what we currently have.

Iron Delta Security: Offers armed response and employs a team of highly trained professionals with backgrounds in military and law enforcement.

TLHOA has negotiated a favorable rate for dedicated patrol and armed response: **\$140 per month.**

In addition, neighbors working together and staying vigilant can enhance our community's safety. There are two new resources for us to communicate and stay engaged:

Text Groups: Steve and Robyn have been organizing meetings with residents on various streets to establish group text chains with Block Captains for improved communication and rapid response. If your street has not yet been included in these efforts, please reach out to them directly.

TLNW Private Facebook Group: We've collaborated with Iron Delta to create a private Facebook group to share information and questions about crime and safety concerns. Find our private group on Facebook: @TolucaLakeNeighborhoodWatch.

By combining dedicated patrol services with community involvement, we can enhance our safety. We encourage all residents to sign up for Iron Delta Patrol and participate in these community resources.

Let's work together to make Toluca Lake a safer and more secure community for everyone.

Sincerely,

Don St. Clair, TLHOA, Board President Robyn Allyn, TLNW Co-Chair Steve Hampar, TLNW Co-Chair
